DETAILED ACTION

REJECTIONS WITHDRAWN

1. The 112 2nd paragraph rejections set forth in the non-final rejection of 9/7/05, page 2, paragraphs 4-6.

REJECTIONS REPEATED

2. All of the 102 and 103 rejections set forth in the non-final rejection of 9/7/05, pages 3-4, paragraphs 7-10 are repeated for the reasons of record. All of the allowable subject matter and objections set forth in the non-final rejection of 9/7/05, page 4, paragraphs 11-12 are repeated for the reasons of record.

NEW REJECTIONS

3. There are no new rejections.

ANSWERS TO APPLICANT'S ARGUMENTS

4. Applicant's arguments filed 2/7/06 have been carefully considered but are deemed unpersuasive.

Applicant has argued that the tubular component of McWhorter is pervious to air and impervious to body fluids and is also impervious to the fluid used to inflate the balloon (McWhorter, column 2, line 63 through column 3, line 2). However, applicant does not specify the porosity in the claims, applicant only describe the tube as being

Art Unit: 1772

non-porous. The tube of McWhorter is non-porous to liquids and to fluids used to inflate the balloon and therefore McWhorter reads on applicant's claim 10 as written.

Applicant has argued that the gore-tex tube of McWhorter is not configured as an inflatable balloon. However, the gore-tex tube (38 from Fig. 1) surrounds inflation lumen (24 from Fig. 1) and is impervious to fluid used to inflate the balloon and therefore, McWhorter is configured as an inflatable balloon.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
